

Games

- Structures Virtual 2021 includes a **Virtual Challenge** game that is a friendly competition that encourages attendees to engage with one another and attend sessions, all while earning badges and points for each achievement reached.

Join the Virtual Challenge by clicking on the **Games** sign in the virtual lobby or **Virtual Challenge** in the left-hand menu. The more you do, the more points and badges you receive and yes, there are prizes to be won! At the end of the conference, we will select twelve (12) winners. One prize is awarded per person and the winners will be randomly selected if there are more than 12 tied scores.

- All attendees will also be eligible to win one (1) **Door Prize** each day during the conference. Door prize winners will be randomly selected and announced in the global chat each day during the second break, so be sure to engage in the chat and see if you've won!

Prizes will include Amazon, Uber and Starbucks gift cards and attendees are only eligible to win one (1) prize.

All prizes are made possible by our sponsor, [KPF](#).
